Media

ND FBLA
2024/2025

Media

Now that you have your fundraiser picked out, it's time to plan your advertising!

Social Media

Try making a chapter social media account or having members post about the event on their social medias!

Local Newspaper

Local newspapers are a great way to advertise community events! Reach out to your town as well as several other neighboring ones.

Paper Ads

Create a cute infographic online, print it, and post it around the school and/or neighborhood to spread the word!

Radio

If it's a city-based community event, try radio! It's a great way for people to find out about events they might not attend normally.

Word of Mouth

Try spreading the word of your fundraiser via conversation! If there's enough people talking about it, you can certainly draw some more in!
